Data transfer:

by CD-ROM, by E-Mail: andre.schuermann@lv.de (≤3MB), via FTP server on request.

Data formats:

Print optimised PDF according to PDF/X-4:2010_CMYK. Please ensure EPS fonts are converted into paths! Files that are not encapsulated are accepted only on request and in the following formats: InDesign, Illustrator, Photoshop. Submit 4 colour prints in 300 dpi resolution and composite mode (CMYK).

Advertisement copies/ proofs:

The provision of proofs to PSO LWC Improved is absolutely necessary. Unless advertisement copies are provided, we accept no responsibility for the accuracy and quality of print of your motif. Proofs and advertiser contact information need to be supplied to the publisher before the ad goes to print. No responsibility will be accepted if material is missing. Extra expenses on layouting and processing final artwork will be charged extra.

Colour advertisements:

All colours are generated from Euroscale standards. We cannot generate special colours such as HKS and Pantone. Colours not in CMYK mode are automatically converted to PSO LWC Improved colours. This may result in minor colour deviations. No responsibility is accepted for such deviations. The printing process follows the Fogra Media standard. Colour deviations within tolerance are attributed to the technical process yet are still in line with the Fogra-ISO standard.

Ad series on request. Ad series with display adverts are subject to surcharges.

top agrar fair magazines are published within the direct urban catchment around the particular regional fair (circulation of 20,000 to 30,000 copies).

The editorial concept provides a mixture of exhibition previews, novelty introductions as well as interesting articles with regional focus. This concept is an ideal fundament for your advertising message.

Support your fair appearance by advertising in our fair magazines and inform agricultural managers specifically about your offer!
